

1 June 2017

**Stage One Parent Meeting**  
**Tuesday 13 June**  
**@ 2:30pm**

Dear Parents,

It is always a joy to be part of the valuable teaching programs, within our Junior School which inspire our students to achieve. Happy, successful children, who are growing in literacy and numeracy skills, is the overall aim of these programs. The positive result of these programs is that we are continuing to grow. Our growth plan aims to provide double stream classes in Kindergarten and Stage 1 and ongoing growth throughout the school

As you will remember our current bubble class was implemented for this reason, to enable us to reach double stream and therefore also provided support to stretch our independent learners. This was done in consultation with parents and using educational research to determine the best composition for this bubble class.

Our school values partnering with parents and now is the perfect time to review our structure in preparation for the 2018 plan.

For this reason we'd love to invite you to have a conversation about these plans, to pray together and to hear your feedback.

***Tuesday 13 June at 2:30pm, in the C1 classroom. (Next to S2M)***

Yours sincerely,

Cathy McPhee  
*Junior School Coordinator*
