

"To raise up effective leaders of godly character who will blend academic achievement and biblical truth, to influence society for the glory of God."

STAGE TWO CLASSES

24 August 2017

Dear Parents,

Our Stage 2 classes have continued to grow throughout the year, which has been answer to our prayers. In response to this wonderful growth, we have now reached the point where we have decided to divide the Stage into 3 classes for the Literacy and Numeracy blocks.

The classes will begin the day as per normal, then from 10:00am I will join the Stage 2 team on the third class until 1:20pm, after which the students will return to their class.

We will continue with the tier level approach, which students are working with now for the literacy and numeracy blocks, with a slight adjustment to accommodate the third class. The aim is to ensure continuity in teaching and learning, to give maximum learning advantages and stability for the students.

From 1:40pm to 3:10pm students will return to their original class, for the afternoon classes. All lessons conducted during the afternoon sessions will remain the same.

If you would like to discuss these changes further, please contact me through the school office.

Thank you for your patience and faithfulness in praying for us during this growth period.

Yours in Christ,

Cathy McPhee
Junior School Coordinator
